

God Shows and Talks

KEY POINTS AND VERSES

Summary: The Church has a lot of doctrine but the Church didn't just make up those teachings—the same way that people have some ideas about God. God is a God who shows Himself. He shows himself in creation, in our conscience (by you feeling bad when you do something you know is right or wrong), and clearly by the Bible. The Bible, though written by Men, is actually God speaking to us.

Lesson: How God shows himself and speaks

1. Psalm 19: The heaven's declare the glory of God
2. Romans 1:19-20 Two of God's invisible attributes clearly seen
3. Rom 1:21, 25, 28, 32 People know things about God
4. Romans 2:14-15 People know things about doing right or wrong
5. Gen 1:3 God speaks
6. 2 Tim 3:16-17 The Bible is God speaking
Written by Men, directed by God (2 Peter 1:20-21)

GO DEEPER

Question: 1. Can you think of some parts of creation that show just how great or powerful or wise or beautiful God is? What do they show about God, and how do they do this? Read Psalm 19

2. Since the Bible really is God's Word, that is, since God really talks to us through what is written in the Bible, what should our attitude be to listening to the Bible when it is read? When reading the Bible for ourselves? When hearing the Bible taught and preached?
